FARM & FOREST TOURS:

STRENGTHENING THEIR FOUNDATIONS FOR A HEALTHIER FUTURE

Wonders abound in the natural world. Explore our forest, farm animals and field crops. Spend a memorable time outdoors to walk, run, explore and play – the possibilities for learning are endless.

Expand the children's vocabulary and food literacy by integrating knowledge of where their food comes from with the natural

world around them. Spend time in our barn visiting the farm animals learn about their needs and characteristics and feed them.

Depending on the season the children will be planting or out in our fields harvesting what we grow. Incorporate a service learning component with your tour by participating in our Giving Garden.

FOREST DISCOVERY TRAIL: NATURE IS CALLING

Engage the children's senses as they explore our forest searching for bugs and animal homes. Listen for the birds singing and the babbling of the brook. Smell the scents of the evergreens. Look for and feel the signs of the seasons – how they change and how the farmer adapts to them. We compare the wild to our cultivated fields and domesticated animals and cover the basics of survival.

Our goal is to connect children with nature, familiarizing them with the big ideas of sustainability – Change over time, Community, Cycles, Diversity, Fairness/Equity and Interdependence. We strive to cultivate a connection with the world around them and plant the seed for future environmental learning.

ALL TOURS INCLUDE:

- Wagon ride
- Inquiry based, interactive hands-on-activities
- Friendly, informative instructors
- Colouring sheet/person
- Relevant take-home material

RAIN & BAD WEATHER

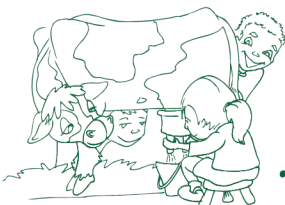

Most of our tour activities are outdoors and take place regardless of the weather. Please have the children dress appropriately.

A minimum of 3 weeks written notice for cancellation is required to enable you to use your non refundable deposit towards rescheduling your tour during the current school year.

FARMS ARE FUN!

- Tricycle track
- Play tractor
- Natural play area
- Lots of room to run
