

FORSYTHE FAMILY FARMS 2009 INC.

...is family owned and operated. We've been growing fruits and vegetables for the GTA since 1972. After 41 years in Markham, we are now established at our home farm in Greenbank. We strive to be a part of our customer's traditions by creating a friendly, welcoming environment, where people can enjoy the basics of farm life – family time, fresh locally grown food, along with good conversation. Our sons are reaching out to the urban community through their CSA programs and attendance at farmers markets. Our farm is a wonder-filled environment that engages the children's natural curiosity in exploring agriculture and reinforcing how it relates to their lives. We strive to make our programs fun safe and relevant to your group.

RAIN & BAD WEATHER

Most of our tour activities are outdoors and take place regardless of the weather. Please have the children dress appropriately.

A minimum of 3 weeks written notice for cancellation is required to enable you to use your non refundable deposit towards rescheduling your tour during the current school year.

WHERE IMAGINATION REIGNS AND STORIES ENCHANT

Strengthening their Foundations for a Healthier Future

Make your day on the farm a creative one filled with memories. Stories abound in the natural world. Spend up to 4 hours in exploring all aspects of our farm – our Fairy Tale Lane and Discovery Forest Trail, our farm animals and field crops - while strengthening the children's language and literacy skills.

Our farm, with its mix of habitats, provides a setting for the children's imagination to be engaged in using what they see to tell their own unique stories. Challenge their creativity by having them compose stories about the animals on the farm and in the forest, the crops in the fields and the fairy tales they see on Fairy Tale Lane.

Children will complete a word journal during their visit to use for story compositions back in the classroom. Walk, run, explore and play – the possibilities for learning are endless.
