

LITTLE SPROUTS TOT SPOT

Strengthening Their Foundations for a Healthier Future

**Moms, Dads, Grandparents or Caregivers –
Come experience the farm, Come on out,
You will have lots of fun,
With your little sprout!**

They grow up fast. Take a break from your busy week to relax and catch your breath. Spend time here on the farm with your toddler aged 2–4 years old. Make connections as your child interacts with others their age and learns to become part of a group.

Enjoy 1½ hours of engaging activities led by our experienced and talented farm educators; singing, story time, visiting the farm animals, taking a wagon ride and playing. All activities are seasonally themed and stimulate their senses, connecting them to the farm and where their food comes from.

Enjoy a complimentary coffee and treat during your child's snack time. (Due to the many food sensitivities children may have, we ask that you provide your child's snack)

Was the morning too short and you have more time? Stay and play. Our structured program ends at 11:00 a.m. but you are welcome to stay and continue enjoying your time here on the farm.
