

CSA in the Workplace

Make membership to Forsythe Farms CSA a part of your corporate wellness plan and provide your co-workers with a convenient delivery of fresh fruits and vegetables. Have exclusive access to Forsythe Farm events, discounts, philanthropic outings to our Giving Garden and so much more!

Forsythe Farms offers a Community Shared Agriculture (CSA) program with two share sizes a \$30 Basic and a \$40 Family. These shares of locally sourced produce can be delivered weekly or bi-weekly to your workplace.

We also offer our CSA members an egg share option well as a wide selection of weekly add-on items such as apple cider, preserves, jams and larger quantities of our crops.

All you have to do is arrange for a group of six or more people from your workplace to take part in the 2017 Spring-Autumn CSA season and we will discount up to \$90 on the delivery fee of each share.

Workplace Volunteer Outings

Forsythe Farms CSA facilitates opportunities for businesses participating in our CSA program to give personally by scheduling a time to harvest from our Giving Garden.

Learn the importance of community involvement while developing effective teamwork skills and making a stronger connection to your food source.

Everything harvested from our Giving Garden must be given away to someone you know could benefit from fresh vegetables. Alternatively larger harvests can be donated to a local food bank.
