

FARMS ARE FUN

We are not usually open for the season until Victoria Day weekend but we have been receiving requests for our food products and we're happy to help.

Farm pickup Orders to be picked up at the farm can be easily arranged. We're quite flexible on timing as we are here 99.9% of the time. Our own eggs are available.

Home delivery Orders can be delivered to your home with a minimum order of \$36.00. Delivery is free to the Uxbridge, Port Perry area. A delivery charge of \$5.00 will be added to deliveries in the Whitby, Pickering area.

Check back with us in May for produce – our asparagus and rhubarb crops will be starting then and if farmers markets are a go we will have a selection of other Ontario produce available. Mid- June is when we start expecting strawberries; let's hope this is over by then.
